Premier Rachel Notley
307 Legislature Building
10800 - 97 Avenue
Edmonton, AB
T5K 2B6

Dear Premier Notley:

Re: Bill 6 – Enhanced Protection for Farm and Ranch Workers Act

Starland County supports the AAMDC and Cypress County's position on Bill 6, which is to delay passage until thorough consultation with the agricultural community has been completed. The safety and protection of farm and ranch workers is paramount in our industry and we believe that legislation can be written to reflect this. However, the information we have received to date is quite vague and is creating fear and speculation amongst the agricultural community.

If you delay enacting this legislation and take time to properly consult and educate the farm community we think this bill will pass with flying colors. Therefore we propose the government delay enacting this bill until January 1st of 2017.

Thank you for your consideration,

J. Barrie Hoover
Reeve Starland County
