

## NOTICE TO RATEPAYERS – 2019 DUST CONTROL PROGRAM

Starland County will have dust control available for local roads in 2019. The County will apply two applications per site (spring and fall) of MG30 for dust control, with a total cost of \$3,500.00 plus GST. For existing dust control sites, ratepayers can request rejuvenation of the site with an application of MG30 at a total cost of \$1,100.00 per site plus GST. The rejuvenation option is only available on sites that have been done within the last three years.

Dust control can be requested by the ratepayer prior to June 30, 2019.

The dust control product is subject to availability, and can only be accommodated if a full truck load of the product can be delivered.

The dust control product will be applied on approximately 200 meters (656 ft.) MG30 will be applied at rates recommended by the product supplier, and all products are intended to provide dust for only **one season**. The municipality reserves the right to blade any stretch of road that has the dust control product applied if road conditions warrant it.

If you have any questions or wish to be added to the list, please contact the:
